Title: leaf butterfly's

Name: Mathea Probst van Meel

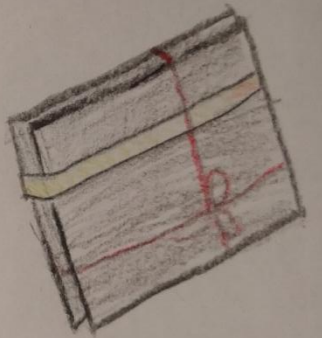

Short description: This is a creative exercise it can be done almost everywhere , because allemost everywhere on this planet there are plants. The goal is to dry leaves and flowers to make butterfly's or other insects or animals.

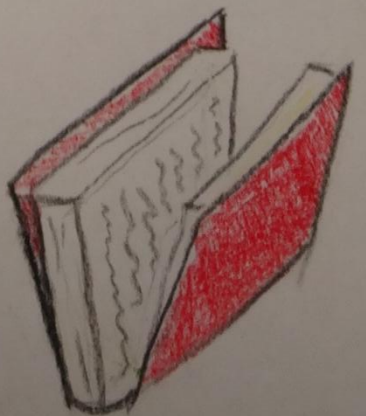

PAPER OR CARTON

WOOD

OR USE ELASTICS
OR A CORD FOR
THE PRESSURE

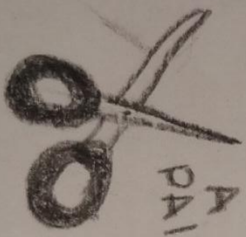

OR A BOOK

2

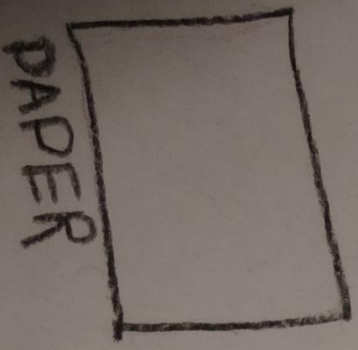

FLOWERS
AND
LEAVES

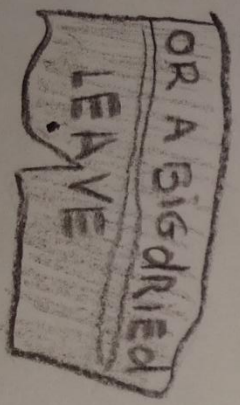

PAIR OF SCISSORS

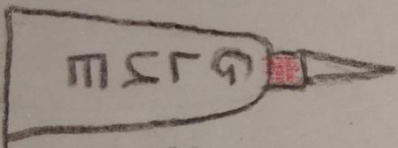

3

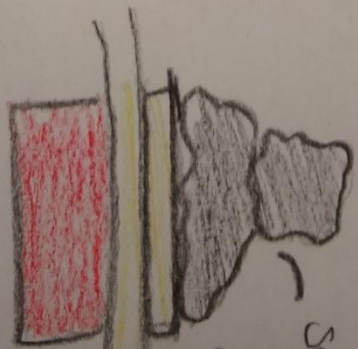

PAPER

OR A BIG DRIED
LEAF

OR SOME
STICKY
SAP

SOMETHING
HEAVY
ON TOP
OF THE
LEAVES
WILL DO
THE TRICK

WHAT DO

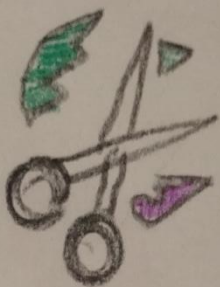

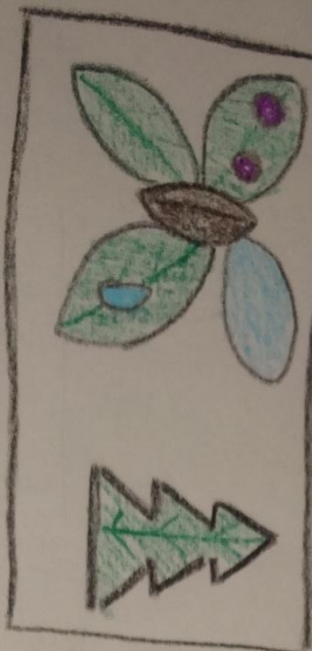

I NEED

?

I

PUT THE LEAVES AND FLOWERS BETWEEN TWO PICES OF PAPER OR CARTON

USE 1 OF THE METHODS THE PRESSURE DRIES AND FLATTENS THEM

WHAT IS THE POINT?
CHILDREN LEARN TO PRESERVE PLANTS THEY LEARN TO BE PATIENT AND LEARN PLANT NAMES AND PROPERTIES LIKE WHAT COLOR IS THE FLOWER OF THAT PLANT

HOW

DOES

IT

WORK

YOU CAN USE THE DRIED LEAVES AND FLOWERS TO MAKE ANIMALS OR CATEGORIES THEM AND WRITE THE NAMES NEXT THEM

INFO
DRYING TAKES ABOUT A WEEK OR SHORTER DEPENDING ON THE PLANT MATERIAL
MAKE SURE YOU KNOW WHAT IS TOXIC SO YOU DON'T USE THAT SUGGESTION
USE A KNIFE TO MAKE DETAILED WORK LIKE SHADOW PUPPETS
